ALC 14,00% | RS 2,00 g/l | pH 3.50 | TA 5,60 g/l | VA 0,55 g/l

VINTAGE CONDITIONS

Moderate climatic conditions with a slow ripening period resulted in very balanced and elegant wines.

WINEMAKING / MATURATION

Fermentation took place in open concrete fermenters at 29°C, with the cap manually punched down every 2 hours. After 5 days, the juice was drawn off the skins. Following malolactic fermentation, the wine was matured for 24 months in 225L French oak barrels, comprising 50% new and 50% second fill.

TASTING NOTES

A full bodied wine made in a classic, old world style. Rich berry flavours with tea leaf nuances.
